

Workshop on Equine Immunology

Pr M. Julia B. FELIPPE, **MV, MS**, PhD, Dipl. ACVIM

Julia Felipe has been a faculty at Cornell University College of Veterinary Medicine since 2002.

Julia runs a research program studying equine developmental immunology and immunodeficiencies as the head of the Equine Immunology Laboratory.

Julia also serves as a Cornell Provost's Fellow for Public Engagement.

- *Immunologic testing in horses :
a case-based interactive session*
- *What are the diagnostics available ?*
- *How can we use the information?*
